01 WHO WE ARE

ENGINEERING THE AI-NATIVE FUTURE

Resolute A.I. Inc is one of the first fully AI development companies in the Philippines, an engineering house where artificial intelligence is **the foundation, not a feature**. From our headquarters above Bonifacio Global City we design, build and deploy autonomous systems, intelligent platforms and enterprise software that **think, speak and act** for BPOs, healthcare networks, telecom operators and hospitality leaders.

18+	08	10+	24×7
DEPLOYED SYSTEMS	INDUSTRIES SERVED	ENTERPRISE CLIENTS	AUTONOMOUS OPERATION

OUR MISSION

To give Philippine enterprises, and the world, **intelligent systems that work around the clock**. We ship them in weeks, not quarters, and stay on to scale them.

OUR VISION

A Philippines recognised as a **global source of AI engineering**, where every enterprise runs on software that thinks, speaks and acts on its behalf.

WHAT WE DO

Conversational & Voice AI

Agents that call, answer, qualify, book and translate in real time.

Enterprise Platforms

HRIS, payroll, accounting and service desks built to scale and comply.

Healthcare Systems

Longitudinal records and AI clinical documentation across care.

Applied Intelligence

Analytics, simulation, education and media that model what comes next.

HOW WE ENGAGE

01 **Scope**
Turn the business problem into a build plan.

02 **Build**
AI-accelerated delivery in weeks, not quarters.

03 **Deploy**
Rollout, integration and verified access control.

04 **Scale**
We stay on to operate, measure and extend.

02 FLAGSHIPS & STUDIO

TWO PLATFORMS. ONE FILM STUDIO.

Our flagships are in production today: one handles the conversations, one runs the workforce, **around the clock**. Our studio turns a brief into finished film.

A.I. FILM PRODUCTION

Resolute Studios

FROM SCRIPT TO SCREEN · NO FILM SET REQUIRED

Cast, shot, voiced and scored with A.I. **Studio-grade film in days, not months**, at a fraction of a traditional production budget.

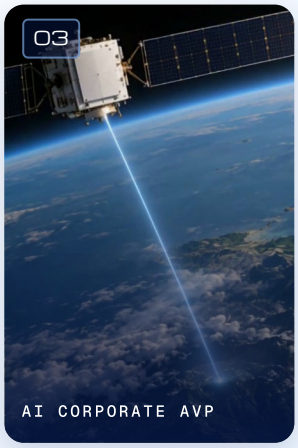

Binge-worthy series

Episodic stories built for the scroll, with a cliffhanger in every episode.

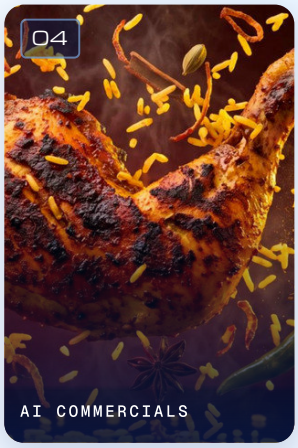

Epic scale, no set

Battles, eras and crowds of thousands, without a single location shoot.

Your story, cinematic

Company and project films for boardrooms, launches and investor pitches.

Ads that stop the scroll

TV and social spots, from storyboard to final cut, at a fraction of a shoot.
